AquaJogger Basic Belt (AP403) #CPAAP403

A great belt at a great value, the Active is our most economical model. Belt has a non-elastic web belt and does not include video. **Price: \$24.00**

- Resilient closed cell foam won't absorb water, dries quickly, and resists chlorine damage.
 - Patented contoured design supports and strengthens the lower back.
 - Soft, flexible foam narrows at the waist for comfort and freedom of movement.
 - Easy-to-operate quick-release buckle ensures a hassle-free fit.
 - Active has a custom-woven non-elastic web belt
 - The AquaJogger® design tones the abdominal muscles without doing a single sit-up due to the continual use of abdominal muscles to maintain correct posture.
 - To accommodate different body shapes, belt can be worn upside down or with the foam in front of the body.
 - Made in USA -- Soft, durable, and comfortable
-

AquaJogger Classic Belt (AP1) #CPAAP1

Ideal for average shaped women or lightweight men. The Classic is the original AquaJogger and our best seller. **Price: \$35.00**

- Resilient closed cell foam won't absorb water, dries quickly, and resists chlorine damage.
- Patented contoured design supports and strengthens the lower back.
- Soft, flexible foam narrows at the waist for comfort and freedom of movement.
- Easy-to-operate quick-release buckle ensures a hassle-free fit.
- Custom-woven elastic belt comfortably moves with every breath and adjusts to fit waist.
- The AquaJogger® design tones the abdominal muscles without doing a single sit-up due to the continual use of abdominal muscles to maintain correct posture.
- To accommodate different body shapes, belt can be worn upside down or with the foam in front of the body.
- Made in USA -- Soft, durable, and comfortable
- **Includes Getting Started DVD and Water Workout Guide**

AquaJogger Fit-Womens Belt (AP77) #CPAAP77 Price: \$35.00

Ideal for short-waisted, petite, or athletic women. Tapered sides allow for a better fit for narrow waists.

- Resilient closed cell foam won't absorb water, dries quickly, and resists chlorine damage.
- Patented contoured design supports and strengthens the lower back.
- Soft, flexible foam narrows at the waist for comfort and freedom of movement.
- Easy-to-operate quick-release buckle ensures a hassle-free fit.
- Custom-woven elastic belt comfortably moves with every breath and adjusts to fit waist.
- The AquaJogger® design tones the abdominal muscles without doing a single sit-up due to the continual use of abdominal muscles to maintain correct posture.
- To accommodate different body shapes, belt can be worn upside down or with the foam in front of the body.

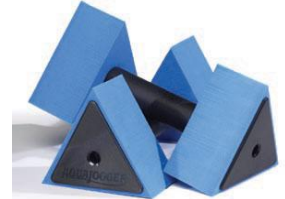

Made in USA -- Soft, durable, and comfortable
